## EDUCATION

WELTEC INSTITUTE  
Web Developer Course  
2023 - 2024

MS UNIVERSITY  
MSC APPLIED CHEMISTRY  
2019 - 2021

MS UNIVERSITY  
BSC CHEMISTRY  
2016 - 2019

## SKILLS

- Frontend Development: React.js, Next.js, Redux, Tailwind CSS, JavaScript
- Backend Development: Node.js, Express.js, NestJS, REST APIs
- Database: MongoDB
- Version Control: Git, GitHub
- Payment Systems: Stripe
- Tools & Libraries: Redux, Framer Motion, Axios

## EXPERTISE

- Full-Stack Development
- Web Application Architecture
- UI/UX Design & Responsive Design
- Problem Solving & Debugging

## ABOUT ME

I'm a passionate Frontend Developer with over a year of hands-on experience building responsive, production-grade web applications using React.js. Currently working at Drevol Software, I maintain a live food ordering platform across 40+ stores in the USA and manage the backoffice system for real-time menu control.

To broaden my skill set and transition into full-stack development, I've been actively learning Node.js, Express.js, and NestJS, enabling me to understand backend architecture, API design, and server-side logic. I love building intuitive user interfaces, writing clean code, and continuously improving both frontend and backend capabilities.

## WORK EXPERIENCE

DREVOL SOFTWARE

### REACT DEVELOPER

2024-Present

- Developed and maintained the Honest food ordering website, live across 40+ stores in the USA, handling thousands of real-time transactions.
- Built responsive and scalable UIs using React.js and Tailwind CSS, ensuring fast and mobile-friendly user experiences.
- Integrated Stripe for secure online payments, enabling smooth checkout and transaction handling.
- Developed and managed the backoffice system for item and menu management, enabling restaurant admins to update content in real-time. Included features for store onboarding, category and station management, and dynamic menu item configuration.
- Integrated a live chatbot on the ordering site to enhance customer support and engagement.
- Contributed to building the Drevol company website using React and Framer Motion, ensuring brand consistency and delivering a modern, animated UI/UX experience.
- Collaborated with backend developers to consume REST APIs, debug issues, and deploy production-ready features.
- Implemented Azure App Insights and Microsoft Clarity to log user behavior, track interactions, and gather insights, enhancing performance monitoring and optimizing the customer experience.

ALEMBIC PHARMACEUTICAL LTD

### PRODUCTION EXECUTIVE

2021-2023

- Oversaw daily production activities in accordance with GMP and SOP guidelines to ensure quality and compliance.
- Collaborated with QA, QC, and maintenance teams to support seamless batch manufacturing.
- Maintained and reviewed batch manufacturing records, equipment logs, and deviation reports.
- Utilized software tools like SAP ERP and LIMS (Laboratory Information Management System) for material tracking, batch planning, and documentation.
